EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please amend the specification by inserting the below sentence as the first paragraph of the specification on the first page of the specification:

"This application is a nationalization of PCT/JP04/01775, filed February 18, 2004."

The following is an examiner's statement of reasons for allowance: The subject matter of the independent claims could either not be found or was not suggested in the prior art of record. The subject matter not found was a dual-chamber syringe the inner volume of the syringe between the first end of the syringe and the rear end of the front plug when the rear end of the middle plug has reached the rear end of the bypass, is at least 60% of the volume of the second component and also does not exceed the volume of the second component, as well as the distance between the first end of the syringe and the rear end of the front plug member does not exceed 30 mm, when the rear end of the middle plug member is at the rear end of the bypass, in combination with the other elements of the claims. Also see Applicant's most recently filed arguments.

Art Unit: 3767

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
